Foundation is a prequel short story to Ann Aguirre's Razorland series that can be read for free on the Tor website or can be purchased as an ebook from Amazon (and assumably other ebook retailers). I really enjoyed Enclave but I had a lot of questions about how the world was destroyed and how people ended up living underground in small communities so it was really nice to go back and see where ...

Foundation About book: It's an abstract concept for me, something I know exists, but doesn't have the meaning it once did. When we first came down, my mom and dad said it was just for a few weeks, just a precaution. The outbreaks in the city came from some biological agent released in Times Square, I guess, and the news was full of conflicting reports on whether it came from North Korea or ...
