The Penguin History of Modern China: The Fall and Rise of a Great Power, 1850-2008. In the second half of the 19th century, China was a weak state, rocked by revolts and huge natural disasters, and humiliated by foreign invasions. Now, after a tumultuous 20th century, China is a global power. This book examines China's history to understand how the country went from also-ran to leading power.

A superpower in the making. Jonathan Fenby's Penguin History of Modern China is a good place to learn. China has an uneasy relationship with its history. Under Mao, the past was a burden to be shaken off so that China could reach its utopian future. Today, a regime that posits a different future selectively invokes history to support its...

[the penguin history of modern china financial times](#)

The Penguin History of Modern China. In this new book, Fenby brings that same critical eye to the wider sweep of Chinese history. He gives more weight than usual to the positive side of the pre-1949 governments in China, showing for example that the Nationalists also carried out major reforms in preparation for a war with Japan,...
